Decoration available: None

RAW MATERIAL (MECHANICAL PROPERTIES)

Raw material options: PF

Masterbatch colours: Colours according to Berry Superfos standard selected pantone colours.

Cold temperatures: Freezing conditions require special resins available on request. The Berry Superfos packaging must be tested

by the customer with the actual product before approval for use at low temperatures.

QUALITY SPECIFICATIONS

Approvals: All Berry Superfos Products comply with the European Union Commission Regulation No. 10/2011/EC with

amendments, relating to materials and articles intended to come into contact with food, unless otherwise stated. In accordance with EU legislation, it is the responsibility of the customer to ensure that the supplied

product is suitable for the intended use.

Shelf life: The compliance of the product to the technical specifications in this data sheet is guaranteed for 12 months

after the date of the delivery subject to suitable storage. Suitable storage include protection of e.g. direct sun

light, rain, very low temperatures or very high temperatures over a long period.

Quality information: Deviations in the product specifications in this data sheet of 0.025% or less (i.e. 25 items per 100,000) are

considered acceptable in the industry and therefore cannot be construed as a defect. Also, please refer to the

General Sales Terms and Conditions in force at the time of delivery.

Compliance and product suitability: For all information related to food contact compliance and product suitability ask for the Declaration of

Compliance.
