

DeliPac

DeliPac is the perfect solution for all types of salads, dressings, dips and delicatessen sold over the counter. Convenience is king – both regarding the tray itself and the customer’s craving for easy meals.

Key Benefits

- Easy to use for at the deli counter
- Made of recyclable materials
- Rectangular or round shape
- Excellent, crystal clear transparency in PET
- Suitable for cold filling
- Space-saving through optimal stackability
- Seven sizes from 100 ml to 1000 ml

Practical and easy at the counter

The DeliPac range is ideal for salads, vegetables and many types of food to go. The trays come in seven sizes with three matching lids, from 100 ml to 1000 ml, and are suitable for cold filling.

All trays and lids are designed for storing in space-saving piles. The sales staff at the delicatessen counter will appreciate working with the DeliPac series, as it is easy to grab both tray and lid from the pile. In the same way, putting on the lid and stacking several filled trays on top of each other is a hassle-free action.

Make your choice

There are three sizes in the round range, namely 100 ml, 200 ml and 250 ml. As for the rectangular tray, you can choose between four sizes: 350 ml, 500 ml, 750 ml and 1000 ml.

The colour options are black, clear and translucent. If your trade requires a special design, we will be more than happy to assist you with a bespoke DeliPac tray – made to match your special needs 1:1.

Round and rectangular

In the rectangular shape the tray is made from recyclable PET in a quality that provides for crystal clear transparency. In the round shape the material is recyclable polystyrene, PS. All lids are made of recyclable APET and all materials have a high tearing resistance and chemical resistance against fat and oils.
