

Small Pot Range

Small is beautiful – and our Small pot range offers you robust packaging with dry offset printing decoration. The small white pots are a great choice for a variety of food and non-food products.

Key Benefits

- Convenient and cost-effective
- Made of recyclable material
- Handy sizes
- Practical and flexible lids
- Printable plain white pots
- Space-saving through optimal stackability
- Seven sizes from 250 ml to 1,500 ml

Practical, round and white

The Small pot range is straightforward and simple, offering you handy white pots that stack well, and are easy to open and reclose. The pots are both convenient and cost-effective and a great packaging choice for a broad varieties of food products as well as non-food products such as detergents and cleaning products. The Small pot range is fit for purpose and made of polypropylene, providing a strong rigid pack which is easy to recycle. In addition, the pots are safe for use in dish washers, freezers and microwave ovens.

Your decoration options

The pots in the range are made from polypropylene, and practically all can be decorated with dry offset printing which is a high quality cost-effective type of decoration. You can also choose self-adhesive labelling PE for selected sizes: 250 ml and 1,000 ml pots.

Choice of lids and optional membrane

The lids are made from low density polyethylene (LDPE) so the lids are flexible and easy to remove and put back on the pot again. A range of standard coloured lids is available.

Need more information?

Please contact us for sample containers in the Small pot range. Technical specifications are available upon request. We look forward to providing any technical support you may need, and are happy to assist with your filling trials.

Small Pot Range
